

Cheers to new Celtic gear on your rears!

# FOR THE BEST

## BOW BOWS

### Why Jojo?

I love fashion and have so since I was very young expressing myself in many different ways through different eras. More importantly, I love cheer and celtics so I know it would give me so much pride to style us all in the best stash!!!

### Why I would be a great kit sec:

Despite doing a STEM degree I am very creative and love coming up with new designs and pull inspiration from many different things. Furthermore, I have many different styles and would consider myself alternative so I know I would bring something new to Celtics and be able to cater to everyone's taste. Vote 4 me :D
