

# Flacky 4 Vice Prez.

Hello my sexy wet friends, I am once again asking you to [#backtheflack](#) as this year I will be running for vice president 2022/23 (Mr Street can I get a whoopaaaaa).

## Why Me?

- In my three years in SWP, I've seen it all: from being a performance swimmer, to being a polo player/social member - I understand what happens on both sides of the society.
- During my time as a social sexie, I've liaised (oooo big word) with companies and understood how to plan and host events with ease. I will also be able to support the new social secs to ensure we get our weekly dose of rogue antics.
- SWP are my family and I am very committed to the society, even if my housemates hate me for it (let's not talk about milkgate 2021)

## The Master Plan.

### Tour: essential life experience

- Despite the travel issues, tour has been the definitive highlight of my uni experience, and I would love to keep the numbers as record high as they were this year. While I Love Tour are wrong about many things (such as what port coach 1 needed to get to), one thing we can agree on is that tour is essential life experience.
- I will step into Musa's big girl shoes and do everything I can to ensure that we make it to the Holy Land and back smoothly.
- I absolutely fell in love with my tour family this year and think tour is the absolute best time to bond with people in the society you may never have spoken to before - so I want to make sure there is plenty of time for pre-tour family bonding.

### Kit: we love stash

- I will get you all the best kit and stash from the beginning of the year and in time for BUCS.
- I designed the current DIRTY LEEDS logo, so I back myself to get us some banging tour kit ready in time for Porec! (and you should too)
- I have all your best interests at heart and will get all of your ideas on design/type through the finest form of modern communication - that's right baby, get ready for POLLS!
