

# *Vu for Football Secretary*

Hi guys I'm Vu and I would love to be part of the committee this year as football sec. After seeing the success that Joe and guy have brought to the team, I'd be proud to continue building the GeogSoc legacy.

Our sports teams are a key part of the society, bringing together students from across all years. I want to make the team a place where players can have fun, connect with new people, and of course win! Vote Vu for great socials!
