

ROBERT LAPPIN 4

SOCIAL SEC!!!

Name: Robert Lappin

Instagram:
robertlappin4socialsec

**Degree: Business and
Geography**

Position: Social Sec

Proposed By: Grace Taylor

**Seconded By: Georgia
Burgess**

**What I have attended this
year:**

**-All Freestyle Sessions
Kings, Ajam, Socials and
the Easter Trip.**

**About me: Skiing and Socialising (with a beer
pêche in hand) are my two favourite things to do so
obviously my first year as a Snowrider has been
amazing!!! It's safe to say that joining this society
has been one of the best decisions in my life and the
memories and friendships I have already made will
last a lifetime. I have decided to run for committee
this year to continue the work that this year's
amazing committee have achieved, hoping to
continue to provide the same experiences and
opportunities I have had this year to new and
existing members.**

**I am super friendly, supportive and kind (maybe
slightly crazy). But despite sometimes being able to
be heard from space I can be serious when needed
to be. It will be my job to always get the party
started as well as focusing on engaging new and
current members making sure everyone has
something to do as well as feels welcome.**

Strengths:

**Last out the club. First
on the lift.**

**Will get down any slope
despite drinking the
resort dry.**

**Fully operational on a
hangover.**

Weaknesses:

**The combination of kings
and tequila.**

Waking up for Ajam.

Trip Doors...

Pano Bar tables.

So... What will I do?

We know how to party hard, and this must be reflected in the social calendar for the 25/26 season...

Firstly of course I will still make sure our obligatory post freestyle après at **Full Fat Thursdays** will go ahead to ensure Snowriders slide straight from rails to raves. I will also focus on refining the post **FFT** pres at Terrace with plenty of beer pêche to go around. This will create more of a community feel as we approach the biggest night of the week.

During my first year as a Snowrider I have also had the pleasure of becoming close with committee members from other Unis. I plan to use these relationships in a combined effort to ramp up inter university events such as Kings sourcing DJs and snow sport related sponsors to create more of an **Ajam** feel at each Kings.

I will also work closely with my contacts at **Groovy Disco Tech** an amazing events company and the owners of Treb to further ramp up Snowrider exclusive Socials such as our Pre-Trip and Freshers Socials.

However, whilst I believe hosting large socials are important, I will also prioritise smaller meetings such as **Pub nights**, Quiz nights, **Pub Crawls** and Themed Nights to create a warm and welcoming close core for the society.
