

Welfare and Inclusivity Assistant

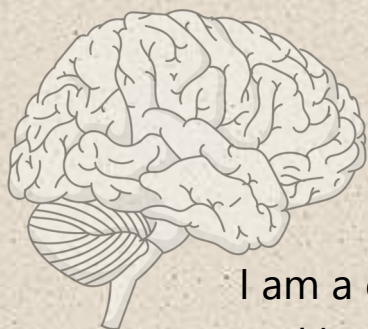

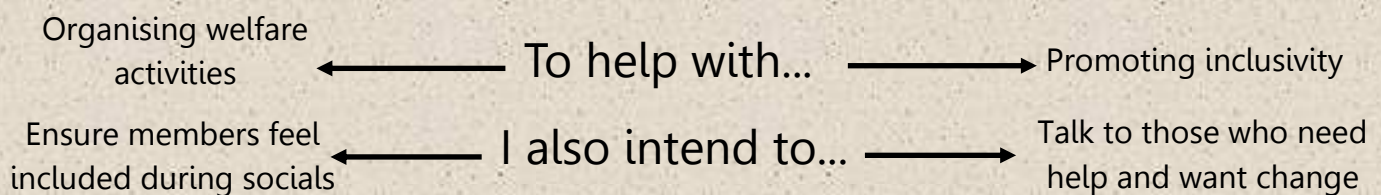

Dominik Wrobel

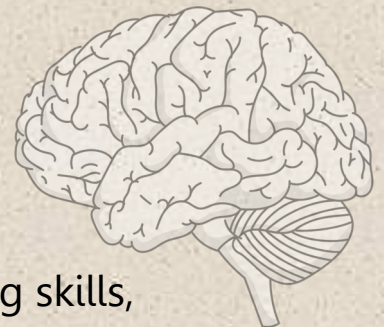

I am a skater and swimmer who enjoys bringing people together through shared activities. I aspire to be a psychotherapist in the future, helping those struggling to handle their emotions and thoughts.

Why do I want to be in the committee?

Why will I be good for this role?

I am a charitable individual with great listening skills, making me approachable and easy to talk to.

My passion for psychology has taught me how people interact within group settings, which has taught me how to make others feel included during social settings.

I aim to help those within the committee create a welcoming environment for all future socials.
