

// AI/ML PROJECT LEAD

LESS SPECTATING. MORE BUILDING. ■

keep the talks and socials – this year we
actually build real AI projects, together.

FIG. 01.A · SACHIN – LEEDS '26

SACHIN SINDHE

final-year MEng computer science

\$ whoami --credentials

- [+] shipped AI in production @ KPMG
- [+] hackathon winner · multi-agent build
- [+] Bright Network IEUK · tech & engineering
- [+] led teams of 8 and 5 to the finish

\$ cat plan.md

> build one real thing, start to finish
not ten half-finished demos.

> a real place for beginners
tiered tasks, pairing, code review.

> run it like an actual team
clear roles, timelines, real testing.
